

A Celebration of Cultures

East Scarborough Boys and Girls Club is ready to celebrate our second annual festival of lights which celebrates the diversity that makes our organization what it is.

On Thursday, December 2nd, the East Scarborough Boys and Girls Club will be open to the community their second annual festival of lights will commence with a lighting ceremony involving children and youth members. The event is being held at East Scarborough Boys and Girls Club, 100 Galloway Road from 6:15-8:30 pm.

The children, youth and staff have been busily preparing for this event which will encompass participation from all of our locations and provide a wealth of information and entertainment to the audience in a variety of ways.

Local politicians, including Honourable May Ann Chambers, Minister of Training, University and Colleges, will also be on hand to assist and enjoy in the festivities.

We will also be launching our joint project with the City of Toronto, "*Giving Voice*" which is an initiative that gives youth the opportunity to experience arts from different cultures including Native and African drumming. This will give the participants of this program an opportunity to showcase all that has been learned and experienced throughout the 12 week program.

This is an event that you won't want to miss!
